

Control card

Temporary Unemployment

goes digital

Everything
you need to
know about
eC3.2

Starting January 1, 2025, all temporary unemployed individuals must use the electronic control card eC3.2. The paper control card C3.2A will no longer be available. Start using your digital control card today!

Where?

- Visit www.socialsecurity.be

- Use the 'eC32' mobile app, available for download at  or 

How to start?

- Use itsme, a security code via email, or an electronic ID card reader.
- Select the month and indicate that you have read and accepted the terms.
- Fill out the control card if you are temporarily unemployed by your employer. If you work in the construction sector (PC 124), fill out your electronic control card every month, whether you are temporarily unemployed or not.
- Still working? Report any form of work before you start your workday.

Questions? Contact your local ABVV-FGTB office via www.abvv.be/mijn-abvv

Cross-border worker and having trouble with digital registration? Contact the nearest RVA office at 02 515 44 44.

1 Select Employer

Fill out the electronic control card only if your employer has put you on temporary unemployment or if you work in the construction sector. Report self-employment or work with another employer only on the card of the employer with whom you are temporarily unemployed.

2 Select Month

Fill out the electronic control card for each month of temporary unemployment. In the construction sector (PC 124), this is always mandatory, every month.

3 Select Days

Select the correct days and click 'Geselecteerde dagen aanpassen' ('Modify selected days').
